

# Sign Coatings **MARK I** INTERMIX COLORS

## **MARK I**

**MARK I** is a superior performance, acrylic urethane coating system for metal signage. **MARK I** is available as an intermix system including color matching to a full range of industry standards and specification colors including corporate signage colors. Representative **MARK I** colors, as shown here, are part of Spraylat's extensive number of color options.

### New Color Match System

Spraylat now offers a **COLOR MATCH SYSTEM** in CD format. This user friendly product incorporates thousands of color formulas and references to a wide range of industry standard colors.
